Item #: 1

Department/Office: Public Works

<p>Requested Action or Motion: Staff recommends that the Council <u>not</u> resume the Lakefront Swale and Aquatic Plan Restoration program.</p>	
<p>Summary Explanation & Background:</p> <p>As indicated in the attached recommendation, the Lakes Advisory Board voted to request Council reinstate the program to reimburse lakefront homeowners who perform certain improvements to the lakefront area of their properties. This was a program made available to lakefront property owners about fifteen years ago, but was not continued. The program generated little interest and was not considered to be successful in producing significant and widespread results.</p> <p>Staff has concern that there is not sufficient staff time to administer such a program, and does not foresee significant benefit, based on the program's history.</p>	
<p>Fiscal Impact: \$10,000/Year</p>
